

MetroVac® AirForce® QUICK DRAW® Variable Speed Pet Dryer

Pound For Pound The Most Powerful Pet Dryer
Money Can Buy

Quick Draw, made in the USA and featuring a one year warranty.

Compact and portable at just over 3 pounds, it features a super-efficient 1.3 hp motor that generates 18,000 feet per minute of warm, filtered air. 10 times more powerful than a human hair dryer, but safely dries pets in minutes without burning skin or harming coats. Powerful enough for even the largest dogs with the longest hair.

The variable speed motor is rated at 1,000 Watts and allows the airspeed and noise level to be adjusted from 0 to 100%.

The Quick Draw Variable Speed Pet Dryer is designed for easy home use as well as more demanding professional uses like grooming salons and shows. With durable all-steel construction it's built to last for decades of use.

Air Force Quick Draw Variable Speed Pet Dryer
